Re: Cienega Water Co, Rate Case Docket # W- 02034A-11-0194

Dear Arizona Corp. Commission:

I am writing to ask that for additional time to gather all paper work for Cienega Water Company's rate case as Tricia Walker the former accountant has not been well and I have taken over her position. It has been most difficult trying to get all the information from her that is needed for the rate case.

With all respect I ask that the time clock be suspended to allow the additional time that is required to gather all the proper paperwork.

Sincere Regards.

Debra Kilgore
